What We Do

The INNOLEA project is co-funded by the Erasmus+ Programme, Capacity Building for Higher Education (585822-EPP-1-2017-1-EN-EPPKA2-CBHE-JP).

The aim of the project is to modernize the Jordanian and Egyptian leather industries by creating four leather centers at local universities to provide quality services, certification, education, fashion information, production organization, financing, and more.

The Consortium

The consortium comprises 12 partners, including seven Universities, two research institutes, two companies and a business association, located in seven countries, both inside and outside the EU area.

What is new on the project?

The partnership is happy to launch the INNOLEA collaboration platform which will be the ground for collaboration opportunities such as businesses and projects among Egyptian, Jordanian and EU companies and relevant stakeholders.

All interested companies and stakeholders are invited to subscribe and be active in the community

The collaboration platform contains specific information about the four leather centres which have been created in the framework of the project.

The new Leather Centres

The leather centres with their trained staff will offer the new services to companies of the leather sector and relevant stakeholders in the Jordan and Egypt.

AASTMT leather centre: fully equipped and fully operational since May 2020.

SVU, BAU and JUST leather centres are going to be completed in August 2020.
